EDUCATION:

BTECH • MAY2025

Seshadri Rao Gudlavalleru Engineering College
Electronics And Communications Engineering
CGPA:8.26

BOARD OF INTERMEDIATE SCHOOL OF EDUCATION • MARCH 2021

Sri Pratibha Junior College 94.7%

SECONDARY EDUCATION, INDIA• 2019

Oxford High School CGPA:10

KEY SKILLS:

Programming Language: JAVA
Database Language: SQL
Scripting Language: HTML, CSS
Editors: Eclipse, Visual Studio Code

CERTIFICATION:

- Certified in Java Full stack from Palle Technologies
- NPTEL Certified ID: NPTEL24CS34S556100022
- APSSDC – Java Programming

CARRER OBJECTIVE:

An organized and motivated fresh degree holder capable of time management & working under pressure in all environments.

Seeking a role in a company where I can contribute my ideas and be mentored towards a successful career.

PROJECTS:

Hotel-Management-OOPS • JAN 2023 | FEB 2023

This Hotel Management tool manages customer details, room bookings, food orders, and billing. It's a menu-driven program that runs until exit. File handling stores hotel status, including customer details and bookings, to retain data between sessions. A separate thread writes to the file for parallel processing. User-defined exceptions handle booking already allotted rooms, and robust exception handling addresses unexpected errors. The program reads the file on restart to retrieve previous hotel status.

Skills Used:java(Classes and Objects, Inheritance, File Handling with Objects, ArrayList, implementing Interface, User defined exception and Exception handling.)
Software: Eclipse

PERSONAL PORTFOLIO • DEC 2023 | JAN 2024

Developed a personal portfolio website to showcase my skills, projects, and achievements. The website serves as a professional online presence, allowing potential employers, clients, and collaborators to view my work and expertise. The site features an interactive and visually appealing design with sections including a homepage, about me, portfolio, blog, and contact form. It includes responsive design principles to ensure compatibility across various devices and browsers.

Skills Used: HTML CSS JavaScript
Editors: Visual Studio Code

INTERSHIP:

Java Full Stack from Palle Technologies. Aug 2024 – Jan 2025

Variables and Data Types | Control Structures | OOPS Concepts | Methods | Arrays and Collections | Exception Handling | Multithreading | File Input/Output | Java Syntax and Keywords

Artificial Intelligence Intern-AIMER Society. May 2024 - June 2024

8 weeks internship on Artificial Intelligence organized by the AIMERS Society in collaboration with APSCHE

WORKSHOPS:

- Workshop on Core Java
- Workshop on Internet of Things.
